

OUR OPEN HOUSE AND SUMMER INTERNSHIP

For Bar-Takers in 2019 (including those who will sit via Yobi-Shiken) and those attending the last year of Law School:

Paul Hastings, a leading global law firm, searches vigorously for talents to be the next generation's leaders in the international legal practice. We recognize however that, for many of you, this idea would be abstract without the opportunity to experience what is unique about working with us.

*So that you can develop a concrete image of what a top global law firm like Paul Hastings does in the fast-moving business world, we are planning the second **open house** this summer on July 10, 2019 at 18:45 for 90 minutes.*

It is a presentation where you would hear firsthand what our attorneys do and young associates work on as a real life experience. You will be surprised to know how international law firms work differently from Japanese law firms and, even among non-Japanese law firms themselves. Among others, we are a small but busy work place (although we have more than 1000 lawyers on a global basis), and we operate in English at all times. We deal with our clients and colleagues on video conferences and telephone calls 24/7 with 22 Offices around the world.

We hope many of you will be able to attend this informative event so that we get to know each other on a personal level. Please sign up to learn what you would be capable of in becoming. This event will be held in English.

We are also delighted to let you know that we will be accepting a few summer interns for a period of one week (one trainee at a time). Please apply for this hands-on opportunity to learn what Paul Hastings does by contacting us as soon as possible. The program starts in late July and will run till early-September.

If you wish to know more about our open house and/or summer internship, please contact Namiko Nishimura at recruittko@paulhastings.com.

Very truly yours,

Toshiyuki Arai, Office Chair
